The minister said this infor-
mation was sent to him by his
mother while he was studying for
the ministry at Leland College.

The Rev. Mr. Love also report-
ed that he went to Mississippi
on October 11 to take his sister
and her family from the state.
He said his sister told him that
their mother, step-father and two
brothers had quarreled with Mi-
lam and had fled from his farm
about six months ago. The sister
reported that although the fam-
ily went to Arkansas, Milam, ac-
companied by other white men
and armed with a shotgun, went
after them and brought them
back. She said Milam took her
relatives into the woods and
beat them.

She said when they did not
return for several days, she ask-
ed Milam of their whereabouts
and he told her they were "on a
vacation."
