Mississippi Killing Spurs NAACP Members and Gifts

NEW YORK — The kidnapping of 14-year-old Emmett Louis Till in Mississippi last month has brought a deluge of telephone calls and letters into NAACP headquarters from persons of both races who have been prompted to act by the horror of the anti-Negro crime, an NAACP spokesman said here this week.

Most of the persons have contributed funds to the Association and many have become NAACP members for the first time. Others have renewed expired memberships.

Another letter says: "My contribution... enclosed isn't much but it's not the last. I'm sending more to you. Please fight for justice to see that the killers of young Emmett Louis Till be brought to justice... I'm calling on all my friends to send at least a dollar to your organization..."

A southerner has written: "I hope to get my membership as soon as possible. I am tired of what's going on down here in the South... I want to see a change in things... I read in the paper what happened in Mississippi and we got to get together and put and end to it."

HOW MUCH IS A CHILD WORTH?

What are the advantages of the new Foundation Program?
The program will secure maximum educational opportunities for all children and youth throughout the state.
Provides a more equitable sharing of school costs and lessens the future burden on real and personal property.
Greater emphasis on equalization of educational opportunity. Will require the same minimum tax for all in all districts.
Do You Know That Missouri Now Ranks 42nd in the Nation in Educational Effort?
We as a state should hang our heads in shame. Only 16 states in the nation have a greater income per pupil than does Missouri yet we rank 42nd in the nation in educational effort. How can we explain to our children why they have been neglected? It's not that we aren't able to provide them with adequate room, well instructed teachers, and modern equipment... we as a state can well afford a fine educational program. Are we concerned as to how our state compares? Just how much is a child worth to you?

Indict Man For Murdering Wife

TOLEDO, O. (ANP)—Charged with the fatal stabbing of his wife, Robert Barkdale, 38, was indicted last week by the Lucas County Grand Jury on the charge of first-degree murder.
Authorities said that Barkdale stabbed his wife, Claudia, in the kitchen of their apartment last month, an aftermath of a quarrel following visits by the couple to several taverns.
Barkdale, who surrendered to police three days after his wife's body was discovered, was said to have admitted the slaying. He is held without bond.
